

Rolling Enrollment for 2017-18

What is Bloom360?

- A new, private school for learners (ages 5-21) with neuro-diverse needs in southeastern Wisconsin.
- A team of highly trained teachers, therapists and social workers who provide a refreshing developmental, strengths and relationship-based approach to education that recaptures the joy of learning for kids who learn differently.
- An educational model that is rooted in science and focuses on nurturing the five key areas of human development: emotional, body, social, spirit and mind.
- A combination of world-class best practices from leading learning communities blended into an educational model that is uniquely our own.
- A meaningful relationship with the team at Vista360 LLC, a management consulting firm, that provides ongoing skill-building mentorships and opportunities for Project-based Learning centered around the individual strengths and interests of our learners.
