BizPath Theater presents: Finding Dory!

BizPath Participants leveraged what they learned on their behind the scenes tour at a local theater to create a movie experience for our community of Learners featuring the movie, Finding Dory!

BizPath Participants planned all the details including ticket design, marketing, shopping for items to sell at the concession stand, and staffing the ticket booth and concession stand!

High interest projects like this teach practical employment skills while building confidence and independence.

Growth Takes Center Stage at Bloom360

At Bloom360, we believe every Learner shines in their special way. That shine was on full display during a theatre performance with Pink Umbrella Theater Company.

Learners wrote and performed original monologues inspired by animals of their choice—horse, rabbit, elephant, bear, and otter—each showcasing their unique voice and strengths. And the creativity didn't stop there...

Another group collaborated to write and perform an original, fairy tale-inspired play about friendship and perseverance. Through this partnership with Pink Umbrella, Learners are building so much more than stage skills—they're growing confidence, communication, creativity, and connection.

We are so proud of the courage, collaboration, and growth happening here every day.

Creativity Shines at Bloom360

We are so proud of Bloom360 Learner, Avery, whose piece Red Spider Lilies, created in art class at Bloom360, earned recognition in the Arts for All Wisconsin Creative Power Art Contest!

Avery recently received her trophy at the awards celebration, and her artwork will now be featured in the traveling Creative Power collection for the next three years.
